What are my Delta Dental Network options?

The Delta Dental PPO plan allows you the option to visit any licensed dentist. You will usually save more on your out-of-pocket costs when you visit a **Delta Dental PPO** dentist. The **Delta Dental Premier** network also provides cost-saving features and is the next best option when you can't find a PPO dentist. Non-Delta Dental (Out of Network) dentists have no fee agreements with Delta Dental, so you will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist. You are responsible for the difference between what Delta Dental pays and the dentist's fee.

How do I find a Delta Dental dentist?

To locate a Delta Dental dentist near you, check the dentist directory on the Delta Dental website (**deltadentalins.com**), which also provides a map to the dental office. Or, to hear or receive a faxed listing of dentists in your area, call **866-499-3001**. Follow the automated instructions to search for a dentist.

How does my Delta Dental incentive plan work?

Your dental benefit incentive plan is designed to encourage regular visits to the dentist to keep your teeth and gums healthy. Here is an example of how an incentive plan works. (This is the most common incentive plan. Check your benefits information for details of your particular incentive plan.)

First Year	Second Year	Third Year	Fourth Year
70%	80%	90%	100%
Percentage paid for certain benefits as long as you visit the dentist each year.			

What are my online resources?

The full Delta Dental website is a one-stop-shop for plan and oral health information. Also available in Spanish: **es.deltadentalins.com**.

Create a free Online Services account at **deltadentalins.com** to:

- Locate a Delta Dental dentist
- Check benefits, eligibility, and claim status
- Opt for paperless statements
- View or print your ID card
- Check average dental costs in your area

Check out **Your Dental Plan Support Guide** for money-saving tips and treatment information. And, don't miss **mysmileway.com** – a great resource for oral health-related tools and tips.

California's Valued Trust is pleased to offer this **free** resource to all active and non-Medicare retiree members and their eligible dependents who have coverage through their PPO or EPO plan.

*To be eligible, engage with a Medical Ally for one of the elective surgeries above and complete a survey. You must start the program at least 30 days before a planned surgery date. Emergency procedures do not qualify for the incentive, and other restrictions may apply. Prepaid Mastercard® issued by MetaBank®, Member FDIC. Card terms apply. DIABETES PREVENTION PROGRAM - FREQUENTLY ASKED QUESTIONS

What is Solera Health?

Solera Health is a vendor that California's Valued Trust has partnered with to help administer the Diabetes Prevention Program (DPP). Solera will help identify qualified employees and enroll them in a DPP that best fits their needs.

What is the Diabetes Prevention Program?

Also known as the DPP, the Diabetes Prevention Program helps participants lose weight, adopt healthy habits and significantly decrease their risk of developing type 2 diabetes. The program meets weekly for 16 weeks and then monthly for the balance of a year. The program teaches participants to make lasting changes by eating healthier, increasing physical activity and managing the challenges that come with lifestyle change.

How effective is the DPP in reducing the risk of type 2 diabetes?

The DPP has been proven by the National Institutes of Health (NIH) and the Centers for Disease Control and Prevention (CDC) to decrease the risk of developing type 2 diabetes by 58 percent for those who lose 5 – 7 percent of their body weight through changes in diet and exercise. The NIH and CDC are independent organizations that offer health information that you may find helpful.

What's included in the program?

There are many versions of the lifestyle change program, but most include the following components:

- 16 weekly lessons, followed by monthly sessions for the rest of the year
- Lifestyle health coach to help set goals and keep participants on track
- Small group for support and encouragement
- Helpful tools, like wireless scales and fitness trackers

Who is eligible for the program?

The DPP is a preventive benefit for California's Valued Trust employees and dependents on the medical plan.

How do employees find out if they qualify?

Employees who are identified as having prediabetes or who score as high risk for developing type 2 diabetes can qualify for the program. Employees should visit solera4me.com/cvt and take a one-minute quiz to see if they qualify.

If they're qualified, how do employees enroll?

Employees should visit solera4me.com/cvt to learn more about the program and to enroll online, or they can call 844-612-2949 to enroll over the phone. Once enrolled, participants will receive a welcome email from Solera with instructions on how to complete the registration process with their matched DPP provider. Participants must complete the registration process with their DPP provider to begin the program.

Is there a cost to employees or dependents for participating?

This program is free for all qualified employees and dependents on the medical plan. You may receive an Explanation of Benefits (EOB) for this benefit. No action is necessary if you receive an EOB.

When will I receive my Fitbit®?

After you have been actively participating for the first four weeks of the program, you will receive an email from Solera with a unique code to redeem your Fitbit*. Please be sure to talk to your coach about what it means to "actively participate." For technical questions about how to use your Fitbit, contact Fitbit support at help.fitbit.com/cwsupport.

When should I expect to receive my scale?

If you selected a digital option, you will receive a wireless scale as part of the program. The scale will be shipped once enrollment is complete, typically within five to seven days.

Who should I contact if I have questions about the program?

Call Solera at 844-612-2949 if you have questions.
