

**Single Sign-On technology allowing teachers and students  
access everything they need with just one login!**

Dear Parents/Guardians:

We are pleased to share that we have adopted ClassLink, a single sign-on platform that will allow teachers and students to use one username and password to access everything they need.

You can learn more about ClassLink at [www.classlink.com](http://www.classlink.com) and see why we feel it's so important to create faster, easier access to digital education resources that your children need to be successful.

**Here is how to get help your students started:**

1. Go to this website: <https://launchpad.classlink.com/login>
2. Students will login using their Active Directory username (for all students, their username is their first name, first initial of their last name, and four digits) and password to access their account.
3. Enter "lancsd" in the Code field

ClassLink is a safe, secure way for students to connect with applications and files. The software does not collect or share any personal student information, which is important to us. Best of all, it is very easy to use and will be a great resource for teachers and students.

If you have questions, you can contact your school support team or email ClassLink directly: [support@classlink.com](mailto:support@classlink.com).

Thank You!
